Heavy, ripened red wines — 18-19°C / 64-66°F

Examples being vintage Pinot noir, Rhône wines, Bordeaux Grand Cru, Barolo

An excellent app for your best wines and drinks

The new CASO Design Wine & Bar Manager app provides you with a perfect overview of your wines and spirits / drinks (gin, vodka, whisky, cognac, liqueurs, beer). This practical app is a fantastic way to organise your wine and drinks portfolio as well as to add informative notes.
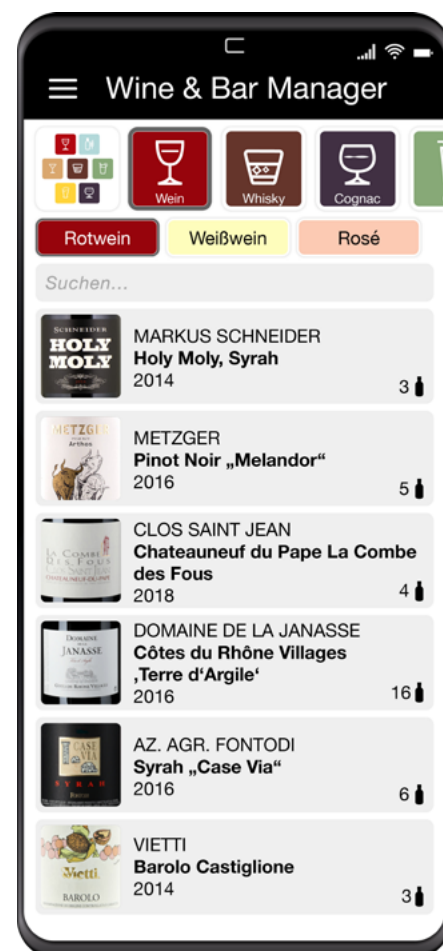

Structure your digital archive according to various criteria, such as price, vintage or quantity. Save your own photos, such as shots of vineyard labels or bottle designs. Create notes which allow you to access key information on wines or drinks whenever you want, ensuring that you will always have all the details of your wine and spirits stocks at your fingertips and can check which wines or drinks are available; need to be replaced; are ready to drink or are simply there to be tried.

Find out more about the free CASO Design app and its practical features! Ideal for all wine lovers and connoisseurs!

WINE & BAR MANAGER APP

"Taste is a question of the temperature.

4

5

PERFECT CONDITIONS

QUIET STORAGE

Low noise compressors operating on vibration-damping feet provide the tranquil setting your wine requires. The temperature can be set at between 5 and 20 °C / 41 and 68 °F for each respective temperature zone. The latest generation of wine coolers is regulated via a state-of-the-art touch panel – convenience to ensure impeccable enjoyment.

SAFETY

# UV PROTECTION

Light, and specifically UV radiation, can penetrate the dark glass of a bottle and rapidly have a detrimental effect on the quality of your wine. The special UV-resistant glass completely protects the wine from UV light.

TECHNOLOGY

CIRCULATION

Active ventilation ensures air circulation in **every** temperature zone for an uniform temperature.

WineChef Pro and WineChef Pro black wine coolers for storage of 126 or more bottles have an additional presentation shelf which can be tilted to allow you to display your best wines.

Can be used individually

Thanks to front cooling can be used as an under counter or built-in device

Air circulation in the lower front area of the WineChef Pro and WineChef Pro black wine coolers means that they can be used **as convertible or integrated units.**

They are also beautiful eyecatchers when used free-standing.

FOR RED AND WHITE WINE

2 zones for every taste

With two separate temperature zones WineChef Pro and WineChef Pro black wine coolers can simultaneously store red and white wine. Because taste depends on achieving the ideal temperature.

CONVERTIBLE AND INTEGRATED WINE COOLERS

UNDER COUNTER AND BUILT-IN DESIGN RANGE THANKS TO FRONT COOLING

WINECHEF PRO (TWO COOLING ZONES)

Stainless steel frame

Front cooling enables the wine cooler to be used in a freestanding, undercounter or slide in position.

"Black is beautiful"

WineChef Pro Black wine coolers are a very special range of designer devices.

The elegant design with a matt black stainless steel front is a timeless option for all interiors and a beautiful eyecatcher.

Pull-out wooden storage shelves are perfect for storing high-quality red and white wines.

Only drinking the wine is better!
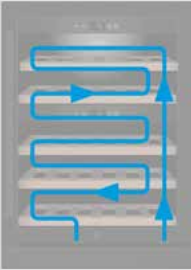

Cooling via the base enables the wine cooler to be used in a freestanding, undercounter or integrated position.

*Bottle size based on a standard Bordeaux bottle
** The maximum temperature that can be reached inside the device cannot be significantly higher than the ambient temperature at the setup location

Wooden shelves with ball bearing runners are easy to pull out, making it easy to find a specific wine.

BUILT-IN DEVICES

The timeless design fits into all homes

Integrate your best wines into your kitchen using CASO built-in wine coolers. This integrated, low-key storage option is perfect for storing up 18 or 29 bottles.

Always close at hand, these beautiful devices can be freely adjusted to temperatures ranging from 5 to 20 °C.

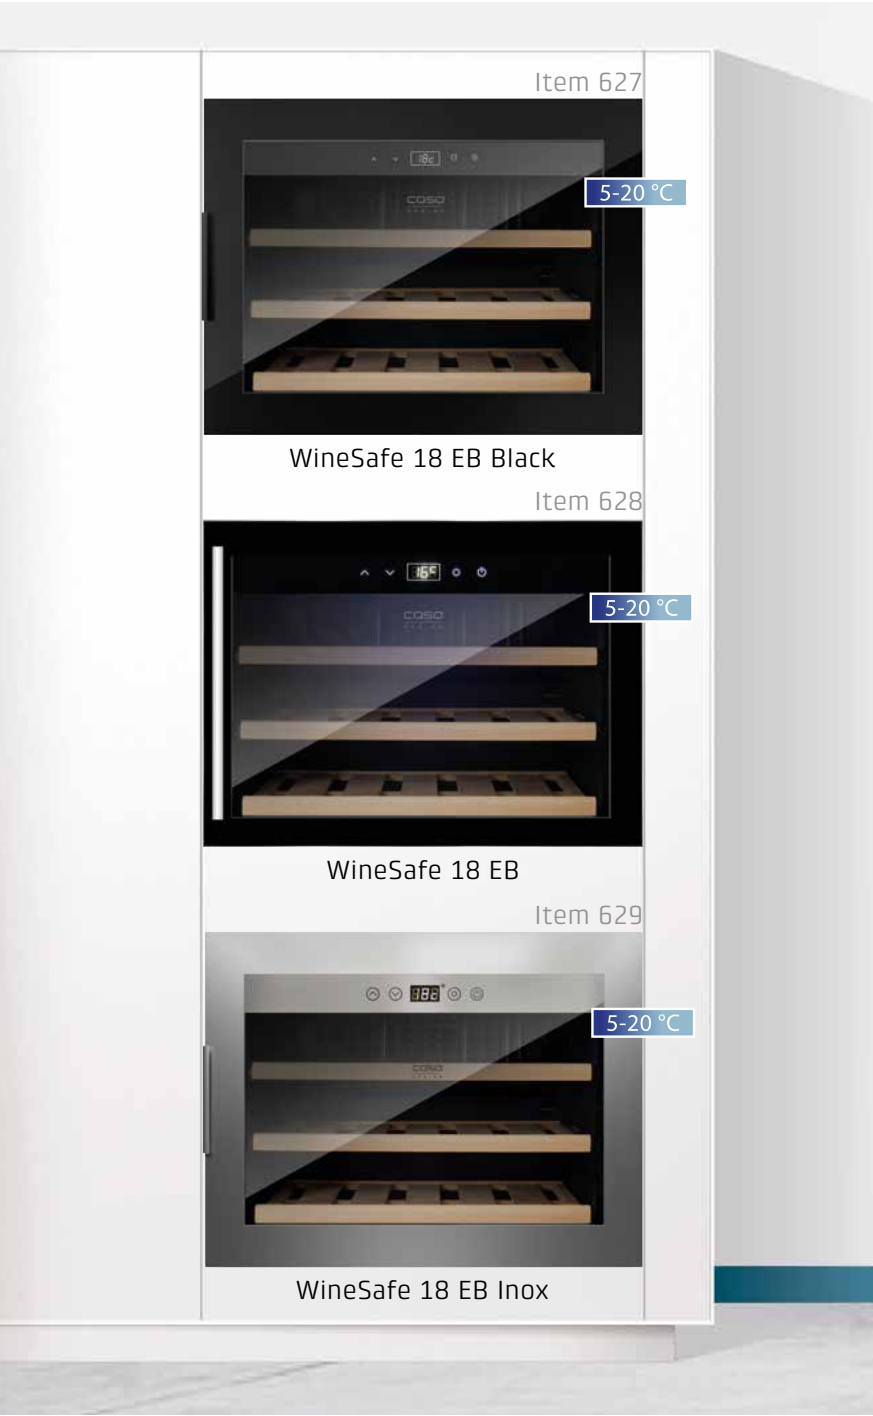

STYLISH OPERATION

Push-to-open + Soft-close

WineDeluxe wine fridges have elegant push-to-open glass doors. The minimalist design incorporates a completely flat, discreet front

Soft-close hinges ensure that the doors open and close quietly.

In addition to this, doors can be fitted to open to the left or the right by fitting the hinge on the left or the right side of the carcass.

MATURING AND STORAGE CABINET FOR MEAT

DRYAGED MASTER

NEW

Item 691

The special way to age meat
Fancy a Galician beef sirloin steak? An absolute dream for meat lovers. Thanks to its strong marbling this cut is extra tender and aromatic and can achieve its full potential in the CASO DryAged maturing cabinet.

This special way of aging meat makes its particularly tender and aromatic. Beef aged on the bone has been a cult in the USA for decades now. Dry aging is the oldest known process for maturing meat and involves aging it on the bone for a certain length of time at a controlled temperature and humidity.

CASO DryAged coolers include finely adjustable air conditioning technology and a high-quality finish. A "must-have" for meat lovers who want ultimate enjoyment.

CASO CONTROL APP

App discription

Every wine has its own character which becomes more pronounced as it ages. CASO Design wine cooling and storage units provide the ideal conditions required for this process.
The new CASO CONTROL APP allows you to easily regulate the perfect storage temperature for your wine.*

● Perfect temperature control from almost everywhere

● App development *Made in Germany*

● Monitors your wine cooler

● Light controllable from almost everywhere

● For Android and iOs

www.casoapp.com

REQUIREMENTS OF THE CASO CONTROL APP

· **A Wi-Fi-enabled smartphone or tablet.**
· **Download the CASO CONTROL APP** (search "CASO control app") **from the app store or Google Play + registration**
  (also possible via our website www.casoapp.com).
· **To connect smartphones to wine coolers**
  Your smartphone and wine cooler must be linked via a stable Wi-Fi network to connect. Instructions on how to pair the devices are supplied with the wine cooler.
· **For control on the go**
  To control your wine cooler from almost everywhere it must be connected to a Wi-Fi network at its location. Please note that this Wi-Fi network must be the same one as used for pairing. All that is required for your smartphone to access the wine cooler is mobile data use or any Wi-Fi network.
· **Suitable CASO wine coolers:**

WineComfort 380 Smart
WineComfort 660 Smart
WineComfort 1260 Smart
WineComfort 1800 Smart

WineExclusive 24 Smart
WineExclusive 38 Smart
WineExclusive 66 Smart
WineExclusive 126 Smart
WineExclusive 180 Smart

WineChef Pro 40
WineChef Pro 126
WineChef Pro 126-2D
WineChef Pro 180

WineChef Pro 40 Black
WineChef Pro 126-2D Black
WineChef Pro 180 Black

*All Wi-Fi-enabled wine coolers can, of course, also be controlled manually on the unit without using the CASO control app.

" Taste is a question
of the temperature.
